

Name:

Round

Heat

Task C: All Up Last Down

Three mass launch flights, 3 min max for each flight

All launches must be within a 3 sec window beginning at the sounding of the buzzer till 3 sec after

All launches outside this window will result in a 0 score for that flight

5 min prep time for first flight, 3 min: 3 sec working time, 30 sec landing window, 1 min between flights

Record times in min:sec up to the 3 min max, example: 3:00 or 1:02 Mark an **X** for off-field landing and / or penalties

time min:sec (max = 3 min)			
X for off-field landing			
X for penalty			

score in sec official use only			
-----------------------------------	--	--	--
