Task H: 1, 2, 3 and 4 min max flights, any order

1, 2, 3 and 4 min max flights. They may be flown in any order

5 min prep time, 10 min working time, 30 sec landing window, no spare working time

Unlimited launches

Record all flights, only the best 4 flights will be scored and assigned to the appropriate max flight time by the scorekeeper

Timing stops at the buzzer at the end of the 10 min working time if there is a flight in the air

Record times in min:sec example: 2:05 or 1:02 Record all flights. Mark an **X** for off-field landing and / or penalties

time min:sec (record all flights)											
X for off-field landing											
X for penalty											

score in sec official use only

Pilot / Timer tactics: This task emphasizes both the ability to fly a 1, 2, 3 and 4 min max flight as well as quick turnarounds

Record all flights, the scorekeeper will score the best 4 flights against the respective max flight times. Record all flight times without truncating any time to a specific max time because one of the future flights may not exceed an already flown flight time. This will allow the scorekeeper to assign the flights to the respective max flight times during the scoring process

There is no spare working time, so the best score possible is close to the 1, 2, 3 and 4 min max flights, minus catch and release times
